Using a quality shingle is very important when considering the options for replacing your roof. Even more important is choosing a professional contractor. Advance Exteriors installers are all trained and certified to ensure your roof is installed to factory specifications so that your shingles stand up to Manitoba's harsh climate. Below are some of the benefits of using Advance Exteriors to install your new roof:

- Advance Exteriors only installs quality materials from reputable manufacturers.
- We only use nails when installing our shingles and place our nails as per manufacturer instructions to ensure your warranty is not voided.
- We do a ventilation assessment and upgrade all ventilation to weatherproof vents.
- We do a proper, quality clean-up of the job site.
- We recycle all materials possible.
- We treat your home with the same care we would as if it was our own home.

## Hiring A Certified Installer Will Give You Increased Shingle Product Warranties
